Dear Parents and Community Members,

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2022-2023 educational progress for Imlay City Middle School. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Mr. Pat Brown, Imlay City Middle School Principal, at 810-724-9811 or pbrown@icschools.us for help if you need assistance.

The Imlay City Middle School AER is available for you to review electronically by visiting the following web site <https://bit.ly/3p0DOWN> or you may review a copy in the main office at your child's school.

For the 2022-23 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2022-23. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2022-23. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school has not been given one of these labels.

At the middle school, we are continuously working to improve student achievement in all subject areas. This includes the addition of STEM (Science, Technology, Engineering, Math) related math and science enrichment classes in sixth through eighth grade. We will also continue to reflect upon and seek to improve math instruction, based on our previous partnership with the Institute for Educational Excellence (IEE). Our English Language Arts (ELA) includes the reading and writing workshop model which allows us to closely monitor and support all students with differentiated instruction. We also continue to work diligently to imbed the common core state standards (CCSS) curriculum and practices into our school. We appreciate the continued support of parents, staff and our community in this effort.

State law requires that we also report additional information:
